Ref. No. 3349/38 D.2

Station Madras, *Dated the* 2nd August 1938.

From (Name) C.C.Wilson Esq., I.F.S.,
(Designation) Chief Conservator of Forests.

To The Secretary to the Government of Madras,
DEVELOPMENT Department.

Sir,

In connection with the extraction of sandalwood in coupe VI of the Coondapur Felling Series (which lies in the Hannarmagane unreserves, Mangalore North Division) 2 Foresters and 7 Forest Guards were placed on special duty for six months from July 1937 The region in which the staff was employed lies above the ghats on the borders of South Kanara District and Mysore and is extremely feverish, remote and expensive. For these reasons the two reserves of 'Hannarmagane' and 'Mensinagudde', which lie adjacent to this tract, were notified as unhealthy in G.O.No.903 Finance.

dated 1-12-26. The District Forest Officer reports that the conditions in the unreserves are precisely similar to those of the two adjacent reserves mentioned above, and recommends therefore the grant of special pay to the staff. I agree with the District Forest Officer's recommendation, which is supported by the Collector and the Conservator, and request that the Government may be pleased

1) to grant the special pay to the 2 Foresters and 7 Forest Guards for six months from July 1937, and also

ii) to notify that the region notified as unhealthy in G.O.No.903 Finance dated 1-12-26 comprises the tracts mentioned in the margin.

(Q)

1) Hannarmagane Reserved Forest,
2) Mensinagudde Reserved Forest.
3) The unreserves of Hannarmagane and ~~comprising~~ the villages of Nagodi, Hebbige and Kotesnirur.

2. A sketch showing the limits of the area notified in 1926 and as it is now proposed to be amplified is enclosed.

for Chief Conservator.

Dear Dr.

G.M. No 20585 I/38 - Dy D 1-11-38

Special Pay – class III (b) – grant of – to subordinates posted to Ittammarmgana unreserves for special duty

---

From the C.C. F Rep. No 3349/38-D2 dated 2-8-1938

From the sketch received with the C.C's letter read above, it seems that the revenue village of Nagodi covers nearly half the area of the enclave. The C.C. F. is requested to report whether the unreserves from which sandalwood was extracted lie within the limits of the revenue village of Nagodi and whether the subordinates placed on special duty were living in Nagodi or within the revenue limits of that village.

Sir,

P ✓ Mpm

Refce:-Government Memorandum No.20585-I/38-4, Development dated the 1st November 1938.

The unreserves from which sandalwood was extracted are not confined to the limits of the revenue village of Nagodi-sandalwood was also extracted from the unreserves lying within the limits of the revenue villages of Hebbige and Koteshirur.

2. The subordinates posted on special duty were

were stationed at Hannar, with duties extending over the whole of Hannarmagane which comprises the revenue villages of Nagodi, Hebbige and Koteshirur.

pp 1-2 c/ From the C.C.F. Ref. No 3349/38-D2 dt 2-8-1938

To A.S

Please see the C.C's proposals in the c/ They are :-

(1) to grant unhealthy localities special pay to 2 Foresters and 7 Forest Guards, for 6 months from July 1937, who were placed on special duty in connection with the extraction of sandalwood in the Hanumangane unreserves of Mangalore North Division; and

p. 2 c/ (2) to notify that the region notified as unhealthy in Go. 9037 dt 1-12-36, includes also the unreserves of Hanumangane & the villages of Nagodi Hebbige and Kodekallu

Proposal (1)

In the circumstances reported by the C.C.F. this proposal may be accepted in this Dept

RB 19/3/38

Proposal (2)

If proposal (1) is accepted, the areas

referred to in item proposal (2) may also be notified as unhealthy localities This may be requested to take necessary action

The file may go to Fin. Dept for acceptance of proposal (1)

Finance (E.II).

ASSISTANT SECRETARY TO GOVERNMENT 3 - SEP 1938 FINANCE DEPT.

Please see Development notes above.

In G.O.903 Finance dated 1-12-26, Nagodi in the North Mangalore Forest Division was included in the list of unhealthy localities, so that Govt. servants having their headquarters or doing duty there may become eligible for unhealthy localities special pay. The correspondence leading to that G.O. shows that Nagodi was intended to include Hannarmagane and Mensinagudde Reserved forests. The proposals in this file are -

p12 of Q
To move Govt. orders

3-9-38

See para 2, p1 of Go at Q

(a) to notify that 'Nagodi' mentioned in G.O. 903 Finance dated 1-12-36 comprises the following tracts:-

pp 1-2 above

Q

(1) Hannarmagane Reserved forest;

(2) Mensinagudde Reserved forest;

A at p2 CF + pp 1-2 above

(3) The unreserves of Hannarmagane, and the villages of Nagodi, Hebbige and Koteshirur; and

to grant to 2 Foresters and 7 Forest guards who were working in the Hannarmagane unreserves for six months from July 1937 unhealthy localities special pay.

2. It is submitted that the proposal in item (a) should first be considered and settled before the proposal in item (b) is considered. The present policy of Government is not to add new tracts to the existing list of unhealthy localities, if it is possible to grant relief to the Govt. servants doing duty in those new tracts in ways other than by the grant of special pay e.g. adoption of anti-malarial measures, supply of medicines, mosquito nets etc - please see G.O No. 2058 P.H. dated 4-6-1938. In the present case, however, the proposal is practically to give a fuller description of an existing entry in the list and not really to add any new tracts. As the Collector of South Kanara supports the proposal, it does not seem necessary to consult any other officer in the matter such as the Director of Public Health - please see the remarks of Mr.E.C.Wood, I.C.S. on page 4 of G.O. 277 Finance dated 25-4-1927. Proposal in item (a) above may accordingly be accepted in Finance. Development may be requested to send a copy of the current file and an extract of these notes to this department so that action may be taken in this department for issuing the necessary amendments to item (21) in the list in Rule 10 in Part I of the Madras Manual of Special Pay and Allowances, Vol.I.

3. Item (b). As a logical sequence of the

the acceptance of the proposal in item (a), the proposal in this item also may be accepted.

4. The case may be passed on to Development for issue or orders with reference to item (b) above.

Thro' C.S.R.

Case 15.9.38

I doubt. The necessity for US/Deub making the rules more onerous merely to give additional pay to a temporary staff which has ceased to work for the last 19 months. There may be something to be said for declaring isolated places as unhealthy localities if a permanent staff — stationed there, but I think I objection in principle to amend the rules when the amendment is not a continuing necessity.

2. From the sketch on p. 3 C/F it appears that the revenue village of Nagodi covers nearly half the area of the enclave. It may be ascertained whether the inmates mentioned lie within the limits of the revenue village. If they do the special pay may be given on the strength of the orders in G.O. 903/1-12-31 24 It may be given even if the foresters & forest guards were living in Nagodi or within the revenue village. If neither of these conditions is satisfied I would

(2)

11

suggest that the proposal be negatived. Judging from the time that has elapsed there would seem to be no real need for the concession proposed

To AS

Please see the Fin. Dept's note from P. 2 ante.

2 With reference to portion 'A' of Fin. Dept's Secy's note at P. 1 ante, attention is invited to portion 'K' at P. 110 of the Working Plan for the Mangalore North Division. The unreserves from which sandalwood was extracted are in the villages of Nagodi, Nagoda, Hebbige and Kolvichimar. In the South Kanara Dt. sandal wood is found not only in reserved forests but also in patta lands not unreserves — vide 'M' at P. 108 of the working plan. As the subordinates were engaged in extracting sandal wood

12 8

from the inverseers of all the three villages they have to be paid the unhealthy localities special pay for the period for the reasons explained above. pp 1-2 C.F.

3 As regards the question of including these three villages in the list of unhealthy localities proposed by the C.C., attention is invited to portion 'N' at P. 111 of the working plan. There is the no regeneration of sandalwood in the unreserves & the question of deputing subordinates for extraction work in future may not arise. It seems therefore unnecessary to include these villages in the list of unhealthy localities

4 In the circumstances explained above the Fin Dept may be requested to reconsider their opinion and to agree to the grant of special pay to the subordinates for the period

Finance (E.II).

Please see Deputy Secretary's remarks on pages 4-5 ante and the Development note et seq. They agree that the localities in question need not be included in the list of unhealthy localities but at the same time suggest that the 2 Foresters and 7 Forest guards may be granted the unhealthy localities special pay for the period of their special duty (six months).

para 3 on p.6 ante

para 4 on p.6 ante

x (from July 1937)

2. As the rules now stand, the unhealthy localities special pay is admissible:

Rule 1077 app 4-5 q/to Hamilton's Civil Pay Manual Vol I

(a) for Govt. servants who are required to serve in localities which have been declared unhealthy by the Government; and

(b) for Govt. servants who, though their headquarters are situated outside the recognised unhealthy localities, hold posts which normally involve more than nine months touring during a year in such localities.

The period of special duty of the Forest ~~servants~~ subordinates was for six months only and the present case could not possibly come under category (b) above. The question then is whether during the said ~~period~~ period they can be deemed to have served in a recognised unhealthy locality i.e. in 'Nagodi' (x) Neither the Chief Conservator's letter in the C.F. nor the Development Department's note on pp.5-6 ante shows that such a presumption is warranted. Development may be requested to obtain definite information on ~~this~~ the point. A on p. 4 above

To AS

Please see the Fin. Deptt's note above. Attention is invited to portion 'A' of Fin Deputy Secy's note at P. 4 ante. The Deputy Secy. agreed to grant the special pay in this case if ~~either~~ the following two conditions ~~are~~ were satisfied

(i) If the unreserves (where the sandalwood was extracted) lie within the limits of the revenue village of Nagodi ~~xxxxxxxxxx~~

or

(ii) if the subordinates were actually living

They are not confined to the limits of the village.

in Nagodi or within the revenue limits of that village

the existing notice dated

condition (i) is not satisfied in the case as the subordinates are reported to have resided at Kannur. As regards condition (i) it is submitted that the unreserves lie not only within the limits of the revenue village of Nagodi but also within limits of two other villages (not specifically included in the list of uninhabited localities though, according to the C.C. of the conditions of the villages warrant such inclusion).

para 2 P.P. 5-6 of

para 1 P. 5 of

K at P. 2 of

2 In the circumstances it is now for orders whether the Tin. recommendation to negative the enclosed proposal will be accepted or whether the case proposal for the grant of the special pay for the period which the subordinates spent in excavating sandalwood in the limits of Nagodi village for which there can be no possible objection with reference to the Deputy Secy's note at A on P. 4 ante.

In the latter case, the C.C. may be asked

N 17

to report to extra expenditure incurred by the subordinates in attending Sandalwood in the limits of Nagardi village alone for orders

The proposal may be negatived

The view expressed by this department was that

46040 Cll.

18 ~~17~~

judging from the time that has elapsed since the Forest subordinates worked in the unreserves in question, there was no real need to grant the unhealthy localities special pay to them.

In view of the Minute of H.M.(A&R.D.) at p 11 ante, this department need not, ~~however~~, object to the grant of the special pay for the period of six months during which the subordinates worked in the unreserves.
